- Follow the polarity instructions inside the battery case.

3 AAA
batteries

How To Use

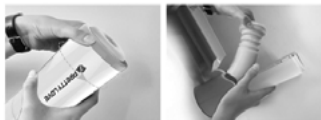

- Hold the  button to turn on/off.
- Press the  button quickly to cycle through 3 stroking modes.

Power
button

Cleaning and Care

- Unscrew the ring, open the outer case and take the sleeve out of the plastic case for thorough cleaning.

- Use a toy cleaner/mild soap with water to clean the sleeve before and after each use.
- Pat with a towel and allow it to air-dry completely.
- Do not get water inside the case as it is not waterproof. Wipe it down with the wet cloth/tissue and dry it out completely before inserting the sleeve.
- Connect the tail of the sleeve to the hook inside the case to install it, and insert the sleeve's ring into the slot on the edge of the case.

- Close the cover and screw the ring clockwise to finish the assembly.

- Dust the sleeve lightly with talc or cornstarch for better use. Store away from heat and sunlight.
- Use with the water-based lube only, no silicone lubricants.

Warning

- Do not use on inflamed and injured areas.
- Discontinue use if feeling pain or discomfort.
- Adult novelty only. Use for medical purposes or for a use that has an adverse effect on any function of the body is prohibited.
