

Chastity device X0021

PRODUCT MANUAL

2.8" male chastity cock cage

Vented design for
easy cleaning

Strong brass lock
with 2 keys

Made from
aluminum alloy

How To Use

- Wear the cock cage around the penis and testicles
- If pain or discomfort occurs, immediately remove the chastity cock cage.

Cleaning and Care

- Use a toy cleaner/mild soap with water to clean the product before and after each use.
- Pat with a towel and allow it to air-dry completely.

Warning

- Stop using the chastity cock cage if pain occurs.
- Do not use the chastity cock cage under the influence of alcohol or drugs since it may impair the user's judgment and increase the risk of injury to the penis.
- Misuse of a chastity cock cage may cause bruising, painful injury, or permanent damage to the penis.
- Chastity cock cage does not prevent pregnancy.

Precautions

- Use of a chastity cock cage may aggravate already existing conditions such as Peyronie's disease (the formation of hardened tissue in the penis that causes pain, curvature, and distortion,

usually during erection); priapism (persistent, often painful erection of the penis as a consequence of disease and not related to sexual arousal); and urethral strictures (urethral stricture is an area of hardened tissue, which narrows the urethra, sometimes making it difficult to urinate).

- Incorrect use of this device may bruise or hurt the blood vessels within the penis or scrotum, resulting in petechiae (a small purplish spot on a body surface, such as the skin or mucous membrane, caused by a minute hemorrhage), hemorrhage (flow of blood from ruptured blood vessels), or the formation of a hematoma (localized swelling filled with blood resulting from a break in a blood vessel).
