

2 e-stim impulse intensities

Adjustable e-stim
impulse power

E-stim impulse mode
for the control pack

Made from metal
and ABS plastic

Elektra Nipple
Teasers

PRODUCT MANUAL

Power

- The control pack is powered by 1 CR2032 battery (included).
- Open the lid to insert the battery.

How To Use

- Before starting, make sure the power dial is on the **OFF** position.
- Insert the attachment contact pin into the control pack.
- Affix the clamps onto the nipples.

ALWAYS LUBRICATE THE AREA TO ENSURE CONNECTIVITY. IF THE SKIN IS TOO DRY, THE IMPULSE MIGHT NOT PASS.

- Rotate the ► | **OFF** power dial on the control pack to turn the toy on/off and to adjust power of the electro-impulses.

- Slide the **SLOW / FAST** switch of the control pack to choose the electro-impulse intensity.

- Slide the switch to the **IN** position to activate the e-stim mode for the control pack. E-stim impulses will be transferred through the metal plate on the control pack.
- Slide the switch to the **OUT** position to return to the e-stim nipple clamps.

LIMIT THE USE OF THE NIPPLE CLAMPS
TO NO LONGER THAN 15 MINUTES PER USE.

Cleaning and Care

- Remove the nipple clamps from the control pack.
- Do not let the water get inside the control pack since it is not waterproof. Wipe the control pack down with a wet cloth/tissue and dry it out completely.
- Use a toy cleaner/mild soap with water to clean the clamps before and after each use.
- Pat with a towel and allow it to air-dry completely.
- Use with the water-based lube only, no silicone lubricants.

- When storing for an extended period, please remove batteries from the device.

Warning

- Please consult your doctor before use if you have a heart condition or wear a heart monitor. We do not recommend using this or any other electro-stimulation toys.
- Do not turn it on in/near water.
- Do not use on inflamed and injured areas.
- Discontinue use if feeling pain or discomfort.
- Limit the use of the nipple clamps to no longer than 15 minutes per use.
- Allow at least 60 mins between uses as more frequent use may increase the risk of injury to the nipples.
- Do not fall asleep while wearing the nipple clamps since prolonged use may cause injury to the nipples.

- Do not use the nipple clamps under the influence of alcohol or drugs, since it may impair the user's judgment and increase the risk of injuring the nipples.
- Misuse of nipple clamps may cause bruising, painful injury, or permanent damage to the nipples.
- Adult novelty only. Use for medical purposes or for a use that has an adverse effect on any function of the body is prohibited.

Precautions

- Incorrect use of this device may bruise or rupture the blood vessels within the nipples, resulting in petechiae (a small purplish spot on a body surface, such as the skin or mucous membrane, caused by a minute hemorrhage), hemorrhage (flow of blood from ruptured blood vessels), or the formation of a hematoma (localized swelling filled with blood resulting from a break in a blood vessel).
