

# Soft chastity cage

PRODUCT MANUAL

**Unstretched length  
3"**

**Unstretched  
diameter 1.10"**

**Super stretchy**

**Made from skin-like  
TPR material**

## **How To Use**

- Apply water-based lubricant onto your shaft, into the cage, and slide your shaft inside.
- If pain or discomfort occurs, immediately remove the chastity cock cage.

## **Cleaning and Care**

- Use a toy cleaner/mild soap with water to clean the product before and after each use.
- Pat with a towel and allow it to air-dry completely.
- Dust the cage lightly with baby powder or cornstarch to make it last. Store away from heat and sunlight.
- Store away from other toys to avoid chemical reactions and damage to either toy.
- Use with a water-based lube only, no silicone lubricants.

## Warning

- Stop using the chastity cock cage if unwanted pain occurs.
- Do not use the chastity cock cage under the influence of alcohol or drugs, since it may impair the user's judgment and increase the risk of injury to the penis.
- Misuse of a chastity cock cage may cause bruising, painful injury, or permanent damage to the penis.
- Chastity cock cages do not prevent pregnancy.

## Precautions

- Use of a chastity cock cage may aggravate already existing conditions such as Peyronie's disease (the formation of hardened tissue in the penis that causes pain, curvature, and distortion, usually during erection); priapism (persistent, often painful erection of the penis as a consequence of disease and not related to sexual arousal); and urethral strictures (urethral stricture is an area of hardened tissue, which narrows the urethra, sometimes making it difficult to urinate).
- Incorrect use of this device may bruise or hurt the blood vessels within the penis or scrotum, resulting in petechiae (a small purplish spot on a body surface, such as the skin or mucous membrane, caused by a minute haemorrhage), haemorrhage (flow of blood from ruptured blood vessels), or the formation of a hematoma (localized swelling filled with blood resulting from a break in a blood vessel).
